

PC Works Suite Pro Edition

-  **3,001 Business & Sales Letters** ~ Handle business correspondence with confidence with 3,001 Business & Sales Letters. With this resource by your side, you'll handle hundreds of common writing tasks with skill, wisdom, and confidence.
-  **McAfee Internet Security Suite 2006 (90 Day) V. 8.0** - With proven security that protects your digital lifestyle, McAfee Internet Security Suite prevents viruses, blocks hackers, identifies spam, and protects your identity. Feel free to e-mail, IM, share pictures, bank, and shop online knowing your PC, documents, and personal information are safe from Internet threats. Best of all, automatic updates ensure you always have the latest protection.
-  **OrgChart™ Professional 3.0** ~ This program allows anyone to create and maintain dynamic, high-impact organizational charts in minutes. Perfect for large corporations AND small companies.
-  **QUICKEN® Legal Business Pro 2006** ~ You don't need an attorney to start and run a business, most of the legal work involved simply requires reliable information and the right documents. With QUICKEN Legal Business Pro 2006, you'll get everything you need to get the job done.
-  **OfficeReady Professional 3.0** ~ The latest version of super add-on templates designed to work in Microsoft Office applications. Included in this neat package are over 1,000 professionally designed office templates easily integrated in Microsoft's Office 2000 (or Office 97).
-  **Smart Attorney Deluxe** ~ Smart Attorney includes a library of over 3,800 legal forms and business letters to enable small-business owners to easily compose and prepare professional drafts prior to review by an attorney. Smart Attorney saves you time and can significantly minimize fees spent on legal review.
-  **ExpensAble Version 7** ~ A highly intuitive and powerful tool that streamlines the task of preparing expenses. ExpensAble uses intelligent features that automatically sort expenses into key categories, perform all calculations, and remind expense filers of forgotten expenses. ExpensAble takes the hassle out of reporting expenses.
-  **Financial PowerTools** ~ This program gives users of all levels the ability to understand and take control of their financial situations. Novice users and financial-analysis veterans now have the tools to make sound financial decisions with confidence and ease. Financial PowerTools' intuitive, multiwindows interface allows computer novices to rapidly and clearly analyze their financial situation.
-  **Smart Contact Manager Pro** ~ Building lasting relationships with your existing customers and prospects is critical to growing your business. SCM's intuitive design and logical screen layout puts all of your main contact details right in front of you on one screen so you can easily and quickly retrieve critical information when you need it.

-  **OpenOffice 2.0** ~ A multi-platform office productivity suite. It includes key desktop applications, such as a word processor (Writer), spreadsheet (Calc), presentation manager (Impress), and drawing program (Draw), with a user interface and features set similar to other leading office suites.
-  **EasyFax** ~ An easy-to-use and powerful fax software package that turns your PC into a complete fax messaging system. Advanced faxing and messaging capabilities make EasyFax the perfect companion for both mobile and stationary PC users.
-  **Smart Business & Marketing Plan 8.0** ~ Creating customized business and marketing plans has never been easier! If you're not sure where to begin, Smart Business Plan's "Smart Wizard" will guide you through the creation of a tailored business plan.
-  **Zoner Photo Studio 7: Home Edition** ~ This program is a digital photographer's best friend! Bring in pictures from any digital photo source, correct defects, organize them, use and manage picture information, and archive them.
-  **iAnnotate-it 2** ~ Mark-up any web page with your own personalized comments and send via email just like it was paper. The ultimate sales and marketing editing tool.
-  **iCapture-it 2** ~ Capture one web page, an entire site, catalogs or image libraries with just a few clicks. Schedule captures to download while you're out and more.
-  **iOrganize-It** ~ Grab text, images, animations, and entire pages from Web sites with ease and keep it organized with just a few simple clicks.
-  **Mozilla Firefox** ~ The award-winning, free Web browser is better than ever. Browse the Web with confidence - Firefox protects you from viruses, spyware, and pop-ups. Enjoy improvements to performance, ease of use and privacy. It's easy to import your favorites and settings and get started. Download Firefox now and get the most out of the Web.
-  **Mozilla Thunderbird** ~ Enjoy safe, fast, and easy email, with intelligent spam filters, quick message search, and customizable views. Brought to you by Mozilla, Thunderbird makes email better. Full-featured email Simple to use, powerful, and customizable, Thunderbird is a full-featured email application.
-  **Mozilla Sunbird** ~ Sunbird offers various features, including the ability to create scheduled events and to see an overview of events on a particular day, week, or month. The calendar can be shared by publishing it to a WebDAV (World Wide Web Distributed Authoring and Versioning) capable server. WebDAV is a set of extensions to the basic HTTP (Hypertext Transfer Protocol) underlying the Web, enabling people to collaboratively edit and manage files on remote Web servers.
